PrestigeGP is a high quality private GP service which provides you with as much time with the doctor as you need. We offer appointments to suit your needs and expectations, and the surgery is modern and fully equipped with the latest medical technology whilst retaining a relaxed, private and comfortable environment.

PrestigeGP prides itself on our personalised health screening service. A full assessment is carried out to provide proactive advice to improve and maintain your future health.

Our Wellness Academy is a systematic weight management program with guidance from the nurse consultant and your own personal trainer.

We are able to offer total solutions fit for individuals, families and businesses on a membership or single visit basis.

Our services include:

- Full discussion and examination with doctor or nurse
- Blood pressure checks
- BMI measurement
- Contraception
- Corporate services
- Ear syringing
- ECG (heart tracing)
- Facial injectables and fillers
- Health screening
- Referral to specialists
- Sexual health
- Smears
- Spirometry (lung function)
