YOUR BEAUTY | YOUR CHOICE

MEDICAL CHEMICAL PEELS with Noon Aesthetics skincare specialists.

What sets Noon Aesthetics' products apart is the **unique** ability to offer the most effective skin treatment without common side effects, such as irritation, burning, redness and unpleasant sensation. This is due to the additive Dermshield™, which enables Noon Aesthetics to develop a paraceutical skin care product line that contains active ingredients at **breakthrough high concentration levels**. In this context, we triumphantly provide **innovative solutions and impressive results** for various skin problems, such as skin aging, hyper-pigmentation, sun damage and loss of elasticity, blemishes, seborrhea, and more - without the typical aftermath. Noon Aesthetics' (from Israel) are true leaders in the field of medical skin products, offering the next generation of skin care products for both clinic and home care use. Changing the physiology of your skin dramatically leads to incredible visible results.

LASER HAIR REMOVAL is a medical procedure removing unwanted hair by passing a light beam through the skin.

The laser beam picks up 'melanin' (pigment) in the hair and destroys the matrix (birthplace) of the hair by travelling down the pigmented hair.

At Lasertrolysis UK Ltd we use a **LightSheer Diode laser**. It has an excellent success rate of 98% and is used for the purpose of treating all types of hair, except grey, white and light blonde hair. In most cases it takes approx. 6 treatments to become hair free in any one area.
