Chester Laser Aesthetics

At Chester Laser Aesthetics Ltd, we specialise in clinically proven skin rejuvenation treatments designed to 'change your skin physiologically'. Resulting in a more youthful skin and improved skin conditions. Using advanced medical grade technology, our experienced practitioners provide personalised treatment plans to address a wide range of skin concerns.

We recommend booking a FREE INITIAL CONSULTATION to understand which treatment platform is best suited to you.

PLADUO

The worlds only dual plasma device. The next generation of aesthetic skin machines, treating Rejuvenation, Fine Lines & Wrinkles, Skin Tone & Texture, Rosacea, Acne, Melasma, Scarring, Pigmentation, Scarring, Psoriasis & more..... FDA approved.

Individual Treatment £400
Course of 3 .....£1,080.00

ENYMED PRO 3 DEEP

Used and recognized by Plastic Surgeons worldwide for its incredible skin toning, tightening and resurfacing results on the face and neck. It uses patented Radio Frequency technology and has an excellent safety profile for all skin tones and colours.
FDA-cleared radiofrequency technology for skin tightening, wrinkle reduction and collagen stimulation. Suitable for treating skin laxity, improving skin texture and promoting a firmer, more youthful appearance.
Part or whole face and neck can be treated so prices are given during consultation.

XCELLARISPRO MICRONEEDLING

Advanced Collagen Induction Therapy

Reveal smoother, firmer and healthier looking skin with medical grade microneedling technology.
XCELLARISPRO stimulates your skin's natural healing response by creating microscopic channels within the skin, encouraging the production of new collagen and elastin. This clinically proven treatment helps improve skin texture, tone and overall skin quality.

Single ..... £ 250
Course of 3 ..... £ 750
Course of 5 .....£1,100
